CONVERSATION HEARTS

Take & Make

CONVERSATION HEARTS

These Conversation Hearts are for graphing, sorting, and counting objects up to 20; all kindergarten math skills. Follow the instructions on the worksheet.

Conversations around your child's interests builds their heart and vocabulary, which helps with lifelong reading, writing, and communication skills. Try asking them these questions to learn more about their interests:

- If you could make three wishes, what would they be?
- Tell me about the best and worst parts of your day.
- How many hugs do you need every day?
- If you could be any animal what would you be and why?
